

EDUCATION

RV College of Engineering*B.E in Computer Science and Engineering**AUG 2024***Shree Vidyadhiraj Polytechnic, Kumta***Diploma in Computer Science and Engineering**SEP 2021*

TECHNICAL SKILLS

Languages: Java, SQL, Javascript, HTML/CSS**Familiar Libraries :** ReactJs, Express Js,**Tools:** Git, Docker, VS Code, Eclipse, Android Studio, Jupyter Notebook**Database:** MySQL, Firebase, Postgress DB**Concepts:** Microfrontend Architecture, State Management,**Soft Skills:** Include interpersonal skills such as communication, teamwork, problem-solving, and leadership.

EXPERIENCE

Rapsol Technology*Data Analysis Intern*

Bengaluru

Sep 2023 – Nov 2023

- Worked on a data analysis project to collect and analyze data from databases.
- Checked data accuracy and prepared meaningful reports from the data
- Assisted in **writing optimized SQL queries** to support data validation and analysis tasks.

Vinatu Software Technology*Software Developer*

Bengaluru

March 2025 - Present

- Built scalable web applications using **React.js** with modern hooks and reusable components.
- Implemented **micro-frontend architecture** to enable independent deployment and better collaboration
- Worked at **REST APIs** using **Node.js** and **Express.js** for smooth backend communication.
- Worked closely with cross-functional teams on debugging, testing, and deployments using **Git**.
- Designed responsive and user-friendly frontend interfaces using **React.js** and **Material UI (MUI)**.
- **Containerized applications using Docker**, integrating **PostgreSQL (psql)** to ensure environment consistency, reliable database management, and smooth deployments.

Course / Certification

- Earned a certification in NPTEL joy of computing using python [Link](#)
- Served as **Junior Under Officer (JUO)** in the Academic NCC, demonstrating leadership, discipline, and commitment to National Cadet Corps activities

CODING PROFILES

- CodeChef – [Link](#)

PROJECTS

Android App on Mango Fruit Disease Detection

- Built an Android app using CNN with 95% accuracy.
- Worked on secure backend data handling and integrated cloud services using Firebase.
- Technologies: **Android Studio, Java, Python , Firebase, CNNs.**

Contact Management System

- Developed a desktop application using **Java** and **Swing**.
- Allows users to **add, update, delete, and search contacts** efficiently.
- Implemented **indexing and hashing techniques** to improve fast data retrieval.
- Technologies: **Java, Swing, VS Code.**
